

HERE'S TO HEALTH

If You've Been Fully Vaccinated

You Can

- ✓ Visit inside a private setting without a mask with one household of unvaccinated people who are not at risk for severe illness
- ✓ Visit inside a private setting without a mask with other fully vaccinated people of any age
- ✓ Travel domestically or internationally without quarantining after travel
- ✓ Travel domestically or internationally without a pre- or post-travel test depending on location

You shouldn't

- ✗ Visit indoors, without a mask, with people at increased risk for severe illness from COVID-19
- ✗ Attend large gatherings

POST COVID-19 VACCINE EDITION

AssuredPartners

People are considered fully vaccinated:

- ★ 2 weeks after their second dose in a 2-dose series, such as the Pfizer or Moderna vaccines
- ★ 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen
